This week in Year 1...

This week, in Maths, the children have been developing their understanding of numbers to 10. They have practised matching numerals to sets of objects and pictures, recognising numerals and matching them to quantities, and identifying numbers written as words. The children have enjoyed using practical resources to strengthen their counting and number recognition skills.

In English, the children have continued to develop their understanding of stories through a range of activities. They have practised orally composing sentences using 'because', identifying rhyming words, re-enacting parts of a story and creating speech for different characters. The children are also continuing to develop their early writing skills by expressing and recording their ideas in sentences.

In PSHE, the children have explored different emotions and discussed how people may respond differently to the same situation. They have shared examples of when people might feel happy, sad, angry, surprised, scared or disgusted and considered reasons why someone might experience these emotions. The children have developed their understanding that everyone can have different feelings and responses.

Next week's book...

Room on the broom.

Key Messages

Reminder:

Trip to Stockley Park: On Thursday 24th September, please ensure your child brings a water bottle and wears comfortable school clothing and suitable footwear for the trip.
