This week in Year 2...

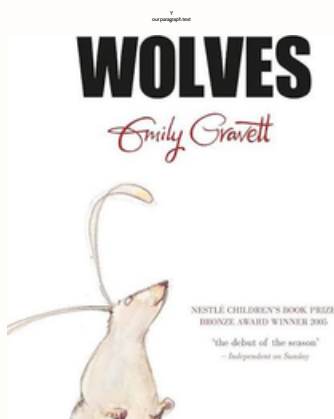

This week in English, the children are writing their chronological reports about wolves. They are developing their vocabulary and using precise language such as title and subheading to organise and communicate information clearly.

In Maths, the children are writing numbers to 100 in expanded form, count in 10s and 1s on the number line to 100 and estimate numbers on a number line.

In Science, the children are learning about living things and their habitats. This week, they named four different habitats, matched animals and plants to their habitats and described what a habitat is like.

In PSHE, the children are learning how we can look after our bodies. They recognised and explained that fruits and vegetables help keep our bodies healthy.

This week's book...

Key Messages

Please read with your child everyday for at least 10 minutes.

Please continue to use Times Table Rock Stars (TTRS) at home to support your child's multiplication skills (2s, 3s, 5s and 10s).
