Aspire, Achieve, Thrive

This week in Year 2...

This week in English, the children are learning how to edit and improve their writing. They will develop their understanding of how writers reread their work, identify areas for improvement and make changes to strengthen their writing.

This week in maths, we are looking at addition and subtraction. The children are exploring number bonds and related facts, developing their understanding of how numbers can be partitioned and recombined.

In Computing, the children are exploring algorithms and learning how instructions can be used to solve problems.

In PSHE, the children are learning about how to keep their teeth clean and healthy. They will explore the importance of good dental hygiene, including brushing their teeth regularly, making healthy food and drink choices, and understanding how these habits help to prevent tooth decay and keep their teeth strong.

This week's book...

WOLVES

Emily Gravett

NESTLÉ CHILDREN'S BOOK PRIZE
BRONZE AWARD WINNER 2015
