This week in Year 5...

In English this week the children are using their prior knowledge to plan and write their own science fiction narratives, similar to Robot Girl. Pupils will be discussing the features of a sci-fi story and implementing these into their own.

In Maths, the children have been adding and subtracting whole numbers with more than four digits. They have also been learning to round numbers when adding or subtracting to find an estimate.

In Science, children have been exploring evaporation. Pupils will be able to define the term evaporation, they will be able to describe how evaporation separates solutions, and they will be able to identify when evaporation should be used.

In art, pupils have been finishing off their installations using recycled cardboard boxes. Pupils have been using a variety of materials including paint, glitter, tissue paper, stencils, and more to create their landscape art installations.

Next week's book...

5 Curie are reading Harry Potter and the Philosopher's Stone

5 Mandela are reading There's a Boy in the Girl's Bathroom

5 Zephaniah are reading The Wolves of Willoughby Chase

Key Messages

Please ensure children are reading **every day** and are completing and handing in homework by **Wednesday**!

Please ensure children come to school in **FULL school uniform** with **FULL PE kit** to change into on PE days.
