This week in Nursery...

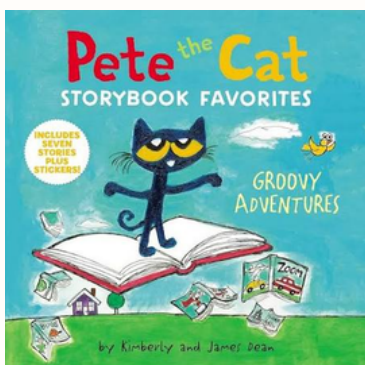

This week in Nursery, the children have been exploring our story Elmer. We have been learning about what makes us special and unique, celebrating our differences and discussing how we are all different in our own wonderful ways. The children have enjoyed taking part in a range of fun, practical and creative activities inspired by Elmer and his colourful world. Our Star Skill this week has been "I can wash my hands". We have been encouraging the children to develop their independence with handwashing and understand the importance of keeping our hands clean.

Next week, we will be exploring a range of Pete the Cat stories, enjoying the characters, adventures and catchy storylines. We will also be learning about Halloween, taking part in exciting seasonal activities and exploring different Halloween-themed resources through play, creativity and discussion.

In Maths, we will be developing our number skills by listening to, hearing and recognising numbers. We will explore numbers through fun, practical activities, helping the children to become more familiar with number names and begin to recognise them in different contexts. Our Star Skill will continue to be "I can wash my hands", as we encourage the children to become increasingly confident and independent with this important everyday routine.

Next week's book...

Key Messages

Wellies and puddle suits: Please bring a pair of wellies and a puddle suit into school for your child to keep here. We enjoy being outdoors in all weathers, so these will help your child stay warm and dry while they play.

Last day of this half term is Thursday 22nd October.
