Aspire, Achieve, Thrive

This week in Year 3...

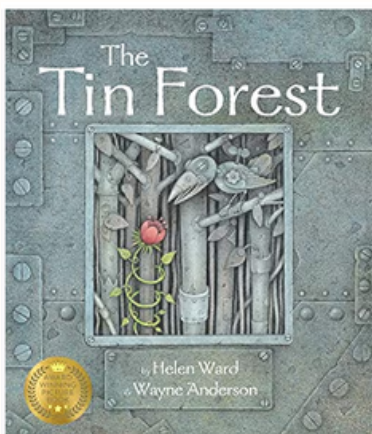

This week in **English**, the children wrote their very own brochures for their chosen pet shops. They used all their knowledge from the unit to include inverted commas, expanded noun phrases and rhetorical questions to engage the reader. We then created our own pet shop and shared our brochures with one another. The children did a fantastic job showcasing their writing!

In **Maths**, we have been adding and subtracting 10 across 100. The children explored a range of methods to solve mathematical problems, using Dienes equipment and number tracks to support their understanding. They also used their number bonds to 10 to help them solve calculations. Please continue to practise number bonds at home to help strengthen their confidence and fluency.

In **Winning with Numbers**, the children explored multiples of 3 and worked on securing their understanding to answer a range of questions. They also practised partitioning numbers into hundreds, tens and ones, helping to develop their understanding of place value.

We hope you all have a lovely, restful half-term break. We look forward to seeing everyone back at school on **Monday 2nd November 2026!**

Next week's book...

Key Messages

School is open on Monday 2nd November 2026.

Please complete homework on Google Classroom.
