This week in Reception...

This week in Literacy, we have started a new book "Ahhhgggg there's a skeleton inside of you!" We have been looking at body's that contain a skeleton, learning about the skull, spine and rib cage. We have been acting out the story and introducing new vocabulary.

This week in Maths, we have been looking at 1 more, the children have been exploring numbers and using resources and manipulatives to create one more. We have introduced - "Tens frames", where the children can clearly see what adding one more or even two more, looks like.

At the Art table, we have been getting creative and making our own x rays using different resources, we have been making skeletons and representing the human body through art and construction.

We continue to use fine motor skills practice everyday throughout our provision, to help get the children's hands and grip, nice and strong, ready for future writing.

During our PE sessions, Mr Bevis chooses a child who has worked exceptionally well and demonstrated great effort, enthusiasm and participation. The chosen child receives a weekly class certificate, which is proudly displayed in our classroom to celebrate their achievement.

☀ This week's certificate recipients are:

R-Grey Thompson - Daniel

R-Darwin - Inaya

R-Seacole- Namaari

The school disco was a hit, we all loved the music, lights and having fun as a year group.

Thank you all for your continued support this term, we hope the children have a lovely, well deserved break and we look forward to carrying on the hard work and learning next term!

Next week's book...

Key Messages

School reopens on 2nd November 2026
