This week in Nursery...

This week in Nursery, the children have been enjoying a range of Pete the Cat stories and exploring the adventures of this much-loved character. We have also been learning about Halloween, taking part in fun, seasonal activities and developing our communication and language through conversations, storytelling and imaginative play.

In Maths, we have been focusing on hearing and recognising numbers, helping the children to become more familiar with number names through fun, practical activities and everyday learning opportunities. Our Star Skill has been "I can wash my hands", and we have continued to encourage the children to develop their independence with this important everyday routine.

After half term, we will be learning all about Bonfire Night through our new story, Sparks in the Sky. We will explore the sights and sounds of Bonfire Night, including fireworks, colours and sparkles, through a range of exciting, practical and creative activities. The children will have opportunities to develop their communication and language skills by talking about what they can see, hear and experience.

In PE, we will be starting our new gymnastics unit, where the children will develop their balance, coordination, body control and confidence through a variety of movement activities.

Our new Star Skill will be "I can carry my lunch tray". We will be supporting the children to develop their independence and confidence during lunchtime routines, encouraging them to carry their trays carefully and safely.

Next week's book...

Key Messages

Wellies and puddle suits: Please bring a pair of wellies and a puddle suit into school for your child to keep here. We enjoy being outdoors in all weathers, so these will help your child stay warm and dry while they play.

Last day of this half term is Thursday 22nd October.
