Aspire, Achieve, Thrive

This week in Year 6...

In Maths this week, we have continued the topic of algebra to secure the knowledge and strategies to solve the unknown values. Children have reinforced their arithmetic skills through calculations presented to them. This has ensured consolidation and discussion around efficient methods. Fractions and division is still an area of weakness, it would be valuable to go over these at home.

In English this week, students have begun practicing Roald Dahl performance poetry. The focus of our efforts has been to work on our tone, pacing, emphasis and taking on the personality of a character in order to entertain. This will support students ahead of our upcoming Year 6 School Production.

During our foundation subject learning this week we have begun our production practice for Rapunzel and the Barbershop Bros. The children have been singing and we have started to go through the scenes. If the children have a speaking part they need to learn their lines. Costume information will be sent out with the children. If the children do not have an acting role, they will be in the chorus and will need to be in their uniform.

REACH awards

6 Plato - Romario and Joel
6 Lovelace - Maghfur
6 Mozart - Jaswin

Key Messages

DT Resources

Junk modelling resources are required for our DT activities this half term.

Transition date: 7th July - the children need to attend their secondary schools for the day. They do not need to come in to Colham Manor before they go.
