This week in Year 2...

This week in Maths the children have been learning about tally charts and using them to find out data. They have been making their own tally charts and have been learning about bar graphs.

In Geography, the children have been learning about coasts. They have been locating some coasts in the UK and have been identifying features of a coast.

In PSHE the children have been learning about the economy and money. They have learnt about needs and wants and the ways we earn money.

In Science, the children have been identifying human made and natural materials. They have been describing how paper is made and learning about different materials.
