This week in Nursery...

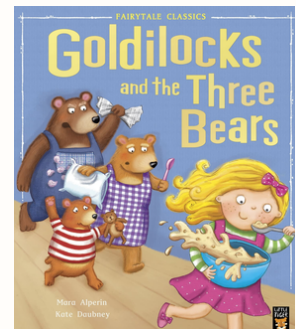

This week in Nursery, we enjoyed learning all about the book *Whatever Next!* The children explored through play and discussion, supporting their developing language and communication skills during group time. We learnt all about space and how to use our imagination! In maths, we have been exploring shape! We also learnt the nursery rhyme 'The Wheels on the Bus' with the children joining in enthusiastically with the singing and actions.

Next week we will be revisiting the story 'Goldilocks and the Three Bears' The children will explore size and story sequencing while continuing to develop their language skills through discussion and group time. In maths we will still be exploring subitising to 5.

Our nursery rhyme will be 'Goldilocks went to the house of the Bears', encouraging the children to join in with singing, counting and actions.

In PE, the children will continue their unit focused on Games and practicing for sports day! We will continue our small-group dough disco and pre-writing shapes activities to strengthen hand skills, and the children are making great progress in recognising, reading and beginning to write their own names. We will also be continuing some transition activities for the children going to Reception!
