This week in Year 2...

In English this week, we have started a new book called *The Mimpins by Road Dawn*. We used inference to predict story themes and outcomes and created noun phrases to describe characters.

This week in Maths, the children have started a new unit about statistics and geometry. They have been using mathematical language to describe position and movement.

In Music, the children have been using tuned instruments to play a song. They have learned how to read notation from left to right and understand and play sing pitch patterns from notation.

In Science, the children have been identifying a material that can help plant growth. They have been learning how to describe the needs of plants and testing material based on their properties. Then, based on their observation they were able to write their conclusion about an experiment.

REACH awards

- 2 Teresa - Isla for Respect
- 2 Pankhurst - Charlie for Healthy
- 2 Ali - Stanley for Enthusiasm

Key Messages

School Trip to Ruislip Lido - Friday 9th July - Please give your consent via Arbor. The cost of the workshop is £6.
