This week in Year 1...

In Maths this week, the children have started the topic of place value and focusing on numbers 50-100. The children have counted in multiples of 10 to count a range of objects and have explored tens and ones.

In English, we have continued to read the story, Dadaji's Paintbrush. The children wrote a letter to The Boy to give him top tips about how to feel happy again. They focused on using the suffix 'ing' in their writing.

In Design and Technology, the children have tested a variety of different fruits and vegetables and decided what they like and dislike. Over the next few weeks the children will be making their own smoothies.

In Science, the children made homes for animals using a range of natural materials. We then tested to see if their homes were waterproof by pouring a small amount of water over each home. The children worked well together communicating what would work well.

REACH awards
