Colham —
Manor
Primary School
Aspire, Achieve, Thrive

This week in Year 6...

This week in Maths, the children focused on developing and applying a range of arithmetic strategies to consolidate their learning. They practised efficient methods for calculation, strengthened their understanding of number, and built confidence in solving arithmetic questions with increasing accuracy and fluency.

In English this week, we have continued our newspaper articles about The Highwayman. We revised the poem and the work that we have completed so far. We then continued to write our own versions ensuring they included the correct features and were written to a Year 6 standard.,

During our foundation subject learning we have continued our Economic Wellbeing unit in PSHE. We have learnt about how money related matters develop at secondary school and recognised the risks of gambling. We have also continued our production practice for Rapunzel and the Barbershop Bros. The children have been trying to act as their characters, bringing them to life.

REACH awards

- 6 Plato - Jelani
- 6 Lovelace - Kelvin
- 6 Mozart - Shanaya

Key Messages

Transition date: 7th July - the children need to attend their secondary schools for the day. They do not need to come in to Colham Manor before they go.
