## This week in Nursery...

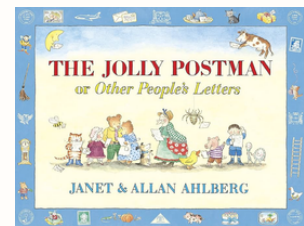

This week in Nursery, we enjoyed learning all about people who help us, we learnt all about doctors and nurses! The children explored through play and discussion, supporting their developing language and communication skills during group time. We learnt all about the way medical professionals help us! In maths, we explored numbers to grouping and sorting. We also learnt the nursery rhyme Miss Molly had a Dolly with the children joining in enthusiastically with the singing and actions.

Next, we will be continuing our new topic all about people who help us, learning all about post officers with the story *The Jolly Postman*. The children will explore the role of postal worker and learn how they help us in the community, while continuing to develop their language skills through discussion and group time. We will also continue learning about spring through a range of engaging, themed activities. In maths we will be continuing to compare and sort.

Our nursery rhyme will be *Incy Wincy Spider*, encouraging the children to join in with singing, counting and actions.

In PE, the children will continue their unit focused on ball skills. We will continue our small-group dough disco and pre-writing shapes activities to strengthen hand skills, and the children are making great progress in recognising, reading and beginning to write their own names.
