This week in Year 3...

Dear Year 3 Parents and Carers,

The children have had a wonderful first week in Year 3! We are very proud of how well they have settled in and the great enthusiasm they have shown.

In Literacy, the children have been recapping their use of capital letters and full stops, developing their comprehension skills and enjoying reading a range of books in our book corners.

In Maths, we have consolidated our learning about numbers and practised partitioning numbers into hundreds, tens and ones.

In Spanish, the children have learnt how to say “hello” in Spanish and explored some interesting facts about Spain.

In Science, we have introduced our new topic, **Animals: Movement and Nutrition**. The children learnt the three key functions of the skeleton and described the role of joints in helping our bodies move.

Thank you for your continued support.
